

Mayflower Bocawina National Park

Mayflower Bocawina National Park is located in the Stann Creek District of Belize. The park consists of 7,107 acres of primarily tropical evergreen broadleaf, lowland and hill forest ecosystems. This is an amazing park to visit year round and offers a diverse range of activities. It's a great place for wildlife observation and bird watching. There is also access to several Mayan sites and beautiful waterfalls via a system of maintained trails through the forest.

FAVORITE ACTIVITIES

Ziplining

One of the most popular ways to explore the park is on the **longest zipline in Belize**. Gliding through the pristine rainforest canopy is a unique way to experience Mayflower Bocawina National Park. The zipline is 2.5 miles long and has 12 platforms, 8 different runs and a rappel. There is even the option to zip at night, which is especially rewarding on a full moon. Ziplining is a fun activity that the entire family can enjoy.

Waterfall Rappelling

Inside the park there are 5 different waterfalls to explore. Hike through lush rainforest to the top of the 1,000 foot Antelope Falls, learning about the flora and fauna on the way. End the climb with a refreshing swim in the emerald pools and enjoy the breathtaking view of the rainforest and Caribbean Sea. Your guides will then take you on an exhilarating 250ft rappel down Antelope Falls. Waterfall rappelling is also available at Bocawina Falls. On this guided tour, you will hike for 20 minutes along the undulating jungle trail, then rappel 100 feet down Bocawina Falls to

the pool below. This is a great place to relax and swim in the waterfall pool before heading back down the trail.

Bird Watching

Mayflower Bocawina National Park is home to over 237 different bird species. Joining a guided early morning hike around the rainforest is a great way to learn about the species and bird conservation in the park. Some of the most notable species found in the park are the Keel-billed Motmot, Crested Guan, Great Curassow, and Ocellated Turkey.

Jungle Hikes

Hiking with experienced local guides is a great way to learn about jungle flora and fauna and find out interesting facts about the plants, trees, birds and creatures that call the jungle their home. Hikes include the challenging 1000ft climb to the top of Antelope Falls and an easy hike to Bocawina Falls. On both hikes you will be able to enjoy a refreshing swim in the waterfalls pools.

Night Hikes

There is something magical about walking in the rainforest at night. And this is the best time of day to visit the natural habitat of some of Belize's nocturnal animals. If you are lucky you may see the tracks of one of five wild cats (Jaguar, Puma, Ocelot, Margay or Jaguarondi). Other animals you are likely to encounter on a night walk are Foxes, Armadillo, Paca, Bats, Owls and Kinkajou.
