

Cook your catch tour

Cook your catch on the beach! What's better than a full day trip of snorkeling, fishing and beach cooking on a secluded beach in Southern Belize? It's intimate, fun, tasty and very inexpensive.

You are taken out on this adventure trip on one of our boats to the southern barrier reef for snorkeling and fishing

Your captain will take you to his favorite spot for your chance at catching snapper, grouper, barracuda, lion fish, lobster (seasonal) and conch (seasonal). After snorkeling, you'll get on board and your guide will whisk you away to a private island where you will be able to cook your fresh catch!

Your guide will cook your catch right in front of you on the beach ensuring the freshest & best cooking experience possible. Feast on your freshly grilled catch and delicious sides. After lunch, relax on the beach and enjoy an afternoon swim or snorkel, before heading back to the mainland.

You come to the beach, eat, drink and be merry. It's that simple!
